

Information Type Approval Malaysia

Customer information regarding Type Approval Process in Malaysia

We, CTC advanced GmbH, would like to inform you about the Type Approval process in **Malaysia**.

- In-Country Testing is required to get an approval
- Needed documents: User Manual, Datasheet, Internal & External Photos, CE Reports
- A local representative is recommended

Please note:

In Malaysia, a **Self-Labeling Program (SLP)** was implemented in 2015. Since then, every certified product has to be self-labeled (e-Label or Surface Label) by the Certificate Holder or the Principal/Manufacturer according the related guideline.

CTC advanced will be pleased to assist you in the approval process of your product on Malaysia market. Please feel free to contact us for further information!!
