Paris 1 june, 2022

Reference: CER/LET/LAB/2022-006
Reference Authorization: Lab-10_2022

Subject: Authorization of CTC advanced GmbH as an evaluation laboratory for all the activities listed on the authorization scope

Dear Sir,

Following the validation process conducted with the CTC advanced GmbH Evaluation Laboratory, located Untertürkheimer str. 6-10, 66117 Saarbrücken, GERMANY, in accordance with “the applicable certification programs” and given the process in place and the application of this process by the Laboratory staff, we hereby inform you that CTC advanced GmbH is granted an authorisation to perform compliance testing as defined in the specifications listed in the table below.

As a result, PayCert, will be able to work on the certification of products on the basis of the tests reports issued by the laboratory CTC advanced GmbH.

Please note that PayCert’s authorization is subject to the following terms and conditions as listed hereafter:

- i) The present authorisation is currently valid for the evaluation of products and solutions listed in the table below.
- ii) As such the present authorisation is governed by the following contractual agreement: “Convention avec le laboratoire habilité PayCert ” (ref. CER/CQS/2008-001), signed by both PayCert and CTC advanced GmbH on the 1 july, 2019.
- iii) The present authorization will apply from 23 march, 2022 until 23 june, 2023. The renewal procedure, as described in the aforementioned contractual agreement, should be performed to renew this authorization.

The audit report (ref CER/AUR/LAB/2022-002) details the conformance assessment with the requirements defined above in the subsection ii).

Yours sincerely

Ludovic Verecque
General Manager
